Cost: Class and parking are free - Lunch not provided

To Register: Contact Olmsted County Emergency Management at 328-6100 or email Michelle Ridd at ridd.michelle@co.olmsted.mn.us

Scope:

This course augments the process taught in the Threat and Risk Assessment course. Participants from all disciplines are guided through all phases of the DHS and FEMA risk management process, as applied to specific facilities within the host jurisdiction. Threats and hazards to those sites are prioritized, and vulnerabilities at those locations identified through an on-site inspection by participant teams. The consequences of terrorist threats, man-made and natural hazards to the sites are estimated, and options for mitigation that include equipment, training and exercises are defined.
